ACKNOWLEDGMENTS

The Ministry of Environment, Lands and Parks wishes to acknowledge three partners whose contributions were invaluable in the completion of the *Aboriginal Water Rights Report Series*:

The Ministry of Aboriginal Affairs, was a critical source of funding, support and direction for this project.

The U-Vic Geography Co-op Program, was instrumental in providing the staffing resources needed to undertake this challenging task. Through the services of June Whitmore and her office, the project benefited from the research, writing, editing and co-ordination of these outstanding students:

Jas Gill
Julie Steinhauer
Kelly Babcock
Daniella Mogus
Miranda Griffith

Christina Rocha
Rachel Abrams
Elizabeth Lee
Sara Cheevers

The services of Clover Point Cartographics Limited of Victoria, was responsible for the preparation of most of the map drawings, which form a valuable part of these documents.

In addition to these three key partners, I must acknowledge the valuable contributions of other Water Management staff, past and present, including Jack Farrell, Jim Mattison, Richard Penner, Diana Jolly, Greg Blaney, Gary Lucas and Kim Johnston.

The sheer numbers of First Nations groups' with histories of water rights made the completion of the Report Series seem, at times, prolonged. The determination, patience and vision of the partners was essential in the completion of the Series and is gratefully acknowledged.

Gary Robinson
Project Manager
Water Management Branch

APPENDICES

TAB NO.

- 1 TABLE: Summary of Water Records for the Anaham Band.
- 2 RECORD OF MINUTES OF DECISIONS
AGBC # 590485.
- 3 LICENCES and PLATS
Conditional Licences 7731, 7802, 7803, 7813, 8433, 8434, 8927, 8997, 8998, 12285, 20665, 20666, 2066, 57050, 66751, and 101410.
Final Licences 9155, 9598, and 9623.
- 4 PERMIT AUTHORIZING THE OCCUPATION OF CROWN LAND:
Copies of Permit No.'s 13550 and 16824.
- 5 STREAM REGISTER REPORTS
Anaham Creek, Boban Creek, Chilcotin River, Tautri Creek/Rosita Lake, and Zenzaco Creek.
- 6 WATER SURVEY OF CANADA RECORDS
Anaham Creek and Chilcotin River.
- 7 WATER RECORDS FOR THE ANAHAM BAND FOUND IN THE
SCHEDULE OF INDIAN RESERVES IN THE DOMINION, 1913.
- 8 MAPS: Anaham Band
 - i. MAP 1 - 1:250,000 map showing all the reserves of the Anaham Band.
 - ii. MAP's 2, 3, 4 and 5 - 1:50,000 maps showing twelve reserves of the Anaham Band

FIRST NATIONS WATER RIGHTS REPORT

BAND: Anaham Band

ADDRESS: General Delivery, Alexis Creek, BC, V0L 1A0

CHIEF: Chief Gerald Johnny

PHONE: 394-4212 **FAX:** 394-4275

AFFILIATION: Tsilqot'in Tribal Council

LOCATION:

The Anaham Band occupy nineteen (19) reserves in an area located west of Williams Lake. The reserves range in size from 12.5 to 257.8 hectares and occupy a total land area of 5,656.2 hectares. The reserves are:

Anahim's Flat 1	Anahim's Meadow 2	Anahim's Meadow 2A
Anahim 3	Anahim 4	Anahim 5
Anahim 6	Anahim 7	Anahim 8
Anahim 9	Anahim 10	Anahim 11
Anahim 12	Anahim 13	Anahim 14
Anahim 15	Anahim 16	Anahim 17
Anahim 18		

Of the 19 reserves, water rights have been recorded on:

- Anahim's Flat 1: a 3,757.6 hectare reserve located west of Williams Lake.
- Anahim's Flat 18: a 145.7 hectare reserve northwest of Rosita Lake.
- Anahim's Meadow 2: a 257.8 hectare reserve located directly north of Anahim's Flat 1.
- Anahim's Meadow 2A: a 161.9 hectare reserve located adjacent to Anahim's Meadow 2.

The most recent population figures compiled by the Ministry of Finance report that the Anaham Band's total population, including registered and non-registered members, living on- and off-reserve, is 1,120.

All 19 Anaham Band Reserves are classified as occurring in the Interior Douglas Fir Biogeoclimatic Zone. The reserves are situated at elevations ranging from 2,190 to 3,600 feet above mean sea level, and experience a climate with average daily temperatures which range from lows of -10 degrees centigrade in January, to highs of 16 degrees centigrade in July. Rainfall for the area averages less than 30 centimeters, annually.

Water courses of significance include:

- Anahim Creek - flows southwest through Anahim's Meadow 2, 2A, and Anahim's Flat 1 and drains into the Chilcotin River.
- Boban Creek - located in the eastern section of Anahim's Flat 1.
- Chilcotin River - flows southeast. The Chilcotin River forms the western border of Anahim's Flat No. 1.
- Rosita Lake - situated within Anahim Reserve No. 18. The Lake extends through the reserve and terminates approximately 6 kilometres southeast of the Reserve's southern border.
- Tautri Creek - flows southwest through Tautri and Rosita Lakes, and then discharges into the Nazko River.
- Zenzaco Creek - flows west through Anahim's Flat 1 and then discharges into the Chilcotin River.

WATER ALLOCATIONS:

There are no records of water allocations made by the Lieutenant Governor-in-Council through Order-in-Council. The water rights of the Anaham Band have been determined by four actions of government over the years:

- 1) Allotments by the Indian Reserve Commissioners.

Following confederation, the Province and the Dominion established an Indian Reserve Commission to reserve lands for the Indians. The Commissioners were responsible for facilitating the transfer of the reserved lands to the Dominion authority. In setting apart lands for reserves, the Reserve Commissioners made it their practice to allot water with the lands. This practice was unique among Indian Reserves in Canada and the authority of the Commissioners to allot water rights has always been disputed by the Province.

- 2) Determinations of the Board of Investigation under the *Water Act, 1914* in response to claims submitted by the Department of Indian Affairs. In their Determinations the Board often recommended the issue of water licenses.
- 3) The granting of water licenses in response to Federal Government requests for authorization for the use of water on reserve lands.
- 4) Actions to amend, cancel or record as abandoned licensed rights, pursuant to provisions in the *Water Act*.

HISTORY, CURRENT STATUS AND NOTES:

The history of water rights, the current status of rights, and notes for the Anaham Band with respect to Anahim Creek, Boban Creek, Chilcotin River, Rosita Lake, Tautri Creek, and Zenzaco Creek are as follows:

Anahim Creek:

History:

Jul 8, 1887

In the Minute of Decision of the Indian Reserve Commission which constituted the Anahams Flat Reserve No. 1, the following allocation was specified:

*"Three hundred (300) inches of water from Anahim Creek, and also one hundred (100) from a *small creek flowing through the Reserve, one and a half (1.5) mile south of the village, is assigned to the Indians for the purpose of irrigation on this land."*

*Note 1: From the description provided, the small creek identified in the Minute of Decision is believed to be Zenzaco Creek.

*Note 2: The reference to an inch of water is understood to be a "miner's inch. The Water Act of 1914 defined a miner's inch as equal to a flow of 0.028 cubic feet per second. Calculating this rate of flow over a 120 day irrigation season produces the converted equivalent of 6.664 acre feet for each miner's inch.

- Oct 10, 1924** In response to an application submitted by the Director of Indian Affairs on behalf of the Anaham Band, the Comptroller of Water Rights issued Conditional Water License 7731. The license was assigned a precedence date of July 5, 1924 and authorizes the diversion of 1125 acre feet per year (from March 1 to July 1) from Anahim Creek, for irrigation purposes. The appurtenant lands were defined as 450 acres of Anahim Reserve No. 2.
- Oct 25, 1924** In accordance with an application made by Indian Agent, Ewen McLeod, on behalf of the Anaham Band, the Comptroller of Water Rights issued Conditional Water License 7813. The license authorizes the storage of water for use as authorized under Conditional Water License 7802. Conditional Water License 7813 has a precedence date of July 14, 1924 and authorizes the storage of 400 acre-feet of water per year (from October 1 through June 15) in Beaver Lake. The appurtenant land is specified as Anaham Reserve No. 1.
- Nov 3, 1924** At a final hearing of the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to the use of the waters of Anaham Creek was made under authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 6227, set out that a conditional license should be issued which would:
- (i) provide for the diversion of water from Anaham Creek;
 - (ii) take precedence from November 27, 1890; and
 - (iii) authorize the diversion of a maximum of 1,344 acre-feet per year for the irrigation of 448 acres of Anaham Flat Reserve No. 1, provided that of the volume allocated, 30,000 gallons per day, throughout the year, was available for domestic application.
- Nov 3, 1924** The Comptroller of Water Rights issued Conditional Water License 7802, which embodied the terms and conditions set out in Board Order 6227.
- May 10, 1926** In accordance with an application made by the Superintendent General of Indian Affairs on behalf of the Anaham Band, the Comptroller of Water Rights issued two Conditional Water Licenses:

1. Conditional Water License 8433: The license was assigned a precedence date of February 5, 1926 and authorizes the diversion of 600 acre feet per year (from April 1 to September 30), from Anahim Creek, for irrigation purposes. The appurtenant lands are specified as 200 acres of Anahim's Flat Reserve #1.

Conditional Water License 8434: The license authorizes the storage of water for use as specified under Conditional Water Licenses 7802 and 8433. Conditional Water License 8434 authorizes the storage of 600 acre-feet of water (from October 1 through June 15), in Duck Lake. The appurtenant lands are defined as 648 acres of Anahim's Flat Reserve #1.

Jun 30, 1927

In accordance with an application filed by the Superintendent General of Indian Affairs on behalf of the Anaham Band, the Comptroller of Water Rights issued two Conditional Water Licenses:

1. Conditional Water License 8997: The license was assigned a precedence date of April 26, 1927 and authorizes the diversion of 1,356 acre-feet per year (from April 1 to September 30), from Anahim Creek, for irrigation purposes. Of the total allocation volume, 20,000 gallons of water per day are available for domestic use. The appurtenant lands are specified as 452 acres of Anahim Reserve No.1.
2. Conditional Water License 8998: The license authorizes the storage of water for use as specified under Conditional Water Licenses 7802 and 8997. Conditional Water License 8998 has a precedence date of April 26, 1927; storage of 2,300 acre feet per year (from October 1 through June 15) from Anahim Creek is allowed on Beaver Lake. The appurtenant lands are defined as 900 acres of Anahim Reserve No.1.

Nov 20, 1934

In response to an application made by the Superintendent General of Indian Affairs on behalf of the Anaham Band, the Comptroller of Water Rights issued Conditional Water License 12285. The license was assigned a precedence date of May 29, 1931 and authorizes the storage of 1400 acre feet per year (from October 1 through June 15) on Stum Lake. The purpose and appurtenant lands are specified on Conditional Licenses No.'s. 7802, 8433, and 8997.

Mar 20, 1936

Based on the extent to which the rights granted under Conditional License 7731 were exercised, the Comptroller of Water Rights issued Final Water License 9623 (in substitution of Conditional Water License 7731) to the Superintendent General of Indian Affairs, on behalf of the Anaham Band. The license has a precedence date of July 5, 1924 and authorizes the diversion of 390 acre feet per year (from March 1 through July 1) from Anahim Creek for irrigation purposes. The appurtenant lands are defined as 390 acres of Anaham Reserve No. 2.

May 1, 1952

In response to an application submitted by the Director of Indian Affairs on behalf of the Anaham Band, the Comptroller of Water Rights issued three Conditional Water Licenses:

1. Conditional Water License 20665: The license was assigned a precedence date of June 23, 1951 and authorizes the diversion of 600 acre feet per year (from April 1 to June 15) from Anahim Creek for irrigation purposes. The appurtenant lands are specified as 600 acres of Anahim Reserve No.'s 2 and 2A.
2. Conditional Water License 20666: The license has a precedence date of June 23, 1951 and authorizes the use of the whole flow of water from Anaham Creek throughout the year for land improvement purposes. The appurtenant lands are defined as Anahim Reserves No.'s 2 and 2A.
3. Conditional Water License 20667: The license has a precedence date of June 23, 1951 and authorizes the storage of 320 acre-feet per year (from October 1 to June 15) from Anahim Creek on Anah Lake. The purpose and land for which the water is to be used is set out in Conditional Water Licenses No.'s 7802, 8433, and 8997.

Feb 9, 1981

A letter was received by the Comptroller of Water Rights, from the Director from the Planning and Design Branch. The letter stated that a Co-ordinated Resource Management Plan for the area surrounding Stum Lake was being proposed in order to protect the White Pelican breeding islands.

Nov 9, 1982

A letter from the Regional Water Manger indicated that the proposed Co-ordinated Resource Management Plan for Stum Lake was in the process of being implemented.

Further information regarding the progress of the plan has not been provided to the Water Management Branch.

Mar 8, 1983

The Deputy Comptroller of Water Rights issued a number of Orders to amend licenses on Anaham Creek. In the matter of:

- a) Conditional Water License 7813 - the source of water supply was renamed Anahim Creek. The reservoir designation was not changed from Beaver Lake.
- b) Conditional Water License 7802 - the source of water supply was restated as Anahim Creek. The appurtenant lands specification was expanded to read "Indian Reserve No. 1 Anahim's Flat, Cariboo and Lillooet Districts, of which 400 acres may be irrigated".
- b) Conditional Water License's 8433, 8997 and 8998 - the appurtenant land was redefined to specify "Indian Reserve No. 1 Anahim's Flat, Cariboo and Lillooet Districts, of which 200 acres may be irrigated".
- c) Conditional Water License 8434 - having determined that the name of the reservoir was erroneously stated the licenses was amended. The reservoir was defined as "Alex Graham Lake".
- d) Conditional Water License 20665 - the appurtenant reserves were renamed Anahim's Meadow 2 and 2A.
- e) Conditional Water License 20666 - the appurtenant reserves were renamed Anahim's Meadow 2 and 2A. The location of the diversion points, and the control gate were depicted on an amended plan that was attached. Permit Over Crown Lands 13550 was granted, which incorporated the amendments and authorized the occupation of Crown Land for the construction and maintenance of works.

- Jan 29, 1990** The Deputy Comptroller of Water Rights issued an Order to amend Conditional Water License 20667 after having determined that the location for the source of water to be stored was erroneously stated as Anahim Creek. The amendment referenced Anah Lake as the correct storage location. The stored water is to be released from Anah Lake via ditch into Anahim Creek for use downstream.
- Apr 20, 1995** A letter addressed to Water Management from the Dam Safety Officer stated that the works authorized for construction under Conditional Water License 20665 were never formally approved. Subsequent correspondence dated November 3, 1995 confirmed that there was no record of plans approving the dam structure on Anah Lake.

Current Status:

There are currently twelve licenses active on Anahim Creek, six of which are held by the Anaham Band. Of these licenses:

- 8 authorize the use of water for irrigation purposes, ranging from 30 to 1,356 acre feet per day.
- 2 authorize the use of water for domestic purposes, ranging from 20,000 to 30,000 gallons per day.
- 3 authorize the use of water for storage non-power purposes, ranging from 43.10 to 660 acre feet.
- 1 authorizes the use of the total flow of water from Anahim Creek for land improvement purposes.

***Note:** A single license may authorize multiple uses.

The Anaham Band holds Conditional Water Licenses 7802, 8433, 8434, and 8997 which are first, second, third and fourth in priority, on Anahim Creek. Two additional licenses are held on the Creek with lower priority ranks: Conditional Water Licenses 20665 and 20666 are ninth and tenth in priority, respectively.

The Water Survey of Canada operated station 08MB002 on Anahim Creek from 1949 to 1954 during the months April through November. During this period, the station recorded a minimum daily discharge of $0.008 \text{ m}^3/\text{sec}$ ($0.283 \text{ cubic feet/sec}$) on September 4, 1951, and a maximum daily discharge of $3.82 \text{ m}^3/\text{sec}$ ($134.90 \text{ cubic feet/sec}$) on April 8, 1949. Mean monthly discharges during the reporting period reached a low of $0.045 \text{ m}^3/\text{sec}$ in October and rose to a high of $0.855 \text{ m}^3/\text{sec}$ in May.

Notes:

1. The Anaham Band's prior rights to the waters of Anahim Creek, as allocated by the Indian Reserve Commission, have not been formally recognized by the Province.
2. The issue of Final Water License 9623 (which substituted Conditional Water License 7731) resulted in a reduction of licensed water rights for the Anaham Band.
3. Under current licensing practices Conditional Water Licenses 7802 and 8997 would be issued for irrigation and waterworks purposes. The amendment of the licenses to waterworks purpose would qualify the Anahim Creek Drainage Area for designation as a 'Community Watershed' under provisions contained in the Forest Practices Code.
4. A discrepancy was found in the referencing of a Anah Lake. File #189482 refers to the lake as Anah Lake, while the NTS Map No. 92O references the lake as Siwash Lake.

Boban Creek:**History:****Jun 17, 1927**

In response to an application filed by the Superintendent General of Indian Affairs on behalf of the Anaham Band, the Comptroller of Water Rights issued Conditional Water License 8927. The license was assigned a precedence date of April 11, 1927 and authorized the diversion of 20,000 gallons a day, throughout the year, from Anahim Creek, for domestic purposes. The appurtenant lands were defined as Anahim Reserve No. 1.

Feb 12, 1935

Based on the extent to which rights granted under the Conditional License 8927 were exercised, the Comptroller of Water Rights issued Final Water License 9155 (in substitution of Conditional Water License 8927) to the Superintendent General of Indian Affairs, on behalf of the Anaham Band. The license has a precedence date of April 11, 1927 and authorizes the diversion of 20,000 gallons a day from Boban Creek for domestic purposes. The appurtenant lands are specified as Anahim Reserve No. 1

Mar 8, 1983

The Deputy Comptroller of Water Rights issued an Order to amend Final Water License 9155 after having determined that the original name of the reserve, Anaham Flat Reserve No. 1, was incorrectly stated. The amendment stated the name of the reserve as Anahim's Flat Reserve No. 1.

Current Status:

Final Water License 9155 is the only license active on Boban Creek. The License is for the use and benefit of the Anaham Band.

The Water Survey of Canada has no records of streamflow on Boban Creek. No other current sources of water availability information were located during the course of this study.

Notes:

1. Under current licensing practices Final Water License 9155 would be issued for waterworks purpose. The amendment of the license to include waterworks purpose would qualify the Boban Creek drainage area for designation as a 'Community Watershed' under provisions contained in the Forest Practices Code.

Chilcotin River:

History:

Jun 1, 1982

In accordance with an application submitted by the Anaham Band, the Comptroller of Water Rights issued Conditional Water License 57050. The license has a precedence date of May 26, 1980 and authorizes the diversion of 1,650 acre feet per year (from April 1 to September 30) from Chilcotin River for irrigation purposes. The appurtenant lands are defined as 660 acres of Anahim's Flat Reserve No. 1.

Nov 19, 1991

In response to an application filed by the Minister of Indian and Northern Affairs on behalf of the Anaham Band, the Regional Water Manager issued Conditional Water License 101410. The license has a precedence date of March 1, 1989 and authorizes the diversion of 180 acre feet per year (from April 1 to September 30) from Chilcotin River for irrigation purposes. Of the total allocation 500 gallons of water per day is authorized for domestic application.

The appurtenant lands are defined as 660 acres of Anaham Flat No. 1.

Current Status:

There are currently 31 licenses active on the Chilcotin River, two of which are held by the Anaham Band. Of the 31 licenses:

- 27 authorize the use of water for irrigation purposes, ranging from 55 to 1,650 acre feet per annum.
- 4 authorize the use of water for dust control purposes, ranging from 9,863.01 to 11,836 gallons per day.
- 3 authorize the use of water for domestic purposes, ranging from 500 to 3,000 gallons per day.
- 1 authorizes the use of 10,000 gallons of water per day for stockwatering purpose.

*Note: A single license may authorize multiple uses.

The Anaham Band holds Conditional Water Licenses 57050 and 101410 which are sixteenth and twenty-fifth in priority on Chilcotin River.

The Water Survey of Canada operated station 08MB003 on Chilcotin River from 1945 to 1949, during the months extending from April to October. During this period, the station recorded a minimum daily discharge of $5.49 \text{ m}^3/\text{sec}$ (193.87 cubic feet/sec) on May 18, 1945, and a maximum daily discharge of $86.4 \text{ m}^3/\text{sec}$ (3051.13 cubic feet/sec) on July 17, 1948. Mean monthly discharge reached a low of $7.40 \text{ m}^3/\text{sec}$ in October and rose to a high of $29.7 \text{ m}^3/\text{sec}$ in April.

Notes:

1. The amounts authorized for irrigation applications under Conditional Water Licenses 101410 and 57050, exceed the volume requested by the Band in their application.

Tautri Creek/Rosita Lake:**History:****Sep 15, 1988**

In accordance with an application jointly filed by the Anaham Band and Ducks Unlimited Canada, the Regional Water Manager issued Conditional Water License 66751. The license has a precedence date of May 15, 1987 and authorizes the diversion of 1,767 acre feet per year for storage (from October 1 to June 15). Of the total volume allocated, 1,471 acre feet is authorized for conservation applications, and 296 acre feet for irrigation (from April 1 to September 30). The source of supply is specified as Tautri Creek and Rosita Lake. The appurtenant lands are defined as 148 acres of District Lots 10265, 10266, 10269, and unsurveyed Crown Land, Cariboo District; and District Lots 10265 and 10266, Cariboo District.

In connection with Conditional Water License 66751, Permit Over Crown Lands 16824 was issued to the Anaham Band. The permit authorizes the occupation of Crown Land for the construction and maintenance of works required under Conditional Water License 66751.

A letter copied to the Regional Water Manager from the Anaham Band authorizes Ducks Unlimited Canada to occupy and use certain parts of Anaham Reserve No. 18, District Lots 10265, 10266, and 10267 for the construction of dams and access and control of water flow for duck habitat. Fish and Wildlife has incorporated provisions for fish passage into the design of works for Conditional Water License 66751.

Current Status:

There is currently one active license on Tautri Creek/Rosita Lake. It is for the use and benefit of the Anaham Band.

The Water Survey of Canada has no records of streamflow on Tautri Creek/Rosita Lake. The Engineers Report completed in support of Conditional License 66751, indicated that Tautri Creek, upstream of Rosita Lake, was experiencing water shortages.

Notes:

1. There is no additional information with respect to the rights of the Anaham Band on Tautri Creek/Rosita Lake.

Zenzaco Creek:

History:

Jul 8, 1887

A Minute of Decision of the Indian Reserve Commission allocated the following for the use of the Anaham Band:

*"Three hundred (300) inches of water from Anahim Creek, and also one hundred (100) from a *small creek flowing through the Reserve, one and a half (1.5) mile south of the village, is assigned to the Indians for the purpose of irrigation on this land."*

**Note 1:* From the description provided, the small creek identified in the Minute of Decision is believed to be Zenzaco Creek.

**Note 2:* The reference to an inch of water is understood to be a "miner's inch. The Water Act of 1914 defined a miner's inch as equal to a flow of 0.028 cubic feet per second. Calculating this rate of flow over a 120 day irrigation season produces the converted equivalent of 6.664 acre feet for each miner's inch.

Nov 3, 1924

At a final hearing of the Board of Investigation, acting pursuant to the Water Act of 1914, the Board determined that a valid water record affecting the claim of the Department of Indian Affairs to rights to the use of the waters of Zenzaco Creek was made under authority of an Act passed prior to the 12th day of March, 1909. The Order of the Board, numbered 6228 set out that a conditional license should be issued which would:

- (i) provide for the diversion of water from Zenzaco Creek;
- (ii) take precedence from November 27, 1890; and
- (iii) authorize the diversion of a maximum of 672 acre feet per year for the irrigation of 224 acres of Anahim Flat Reserve No. 1, provided that 10,000 gallons per day, throughout the year, would be available for domestic use.

Nov 3, 1924

The Comptroller of Water Rights issued Conditional Water License 7803, which embodied the terms and conditions set out in Board Order 6228.

Feb 10, 1936

Based on the extent to which rights granted under Conditional License 7803 were exercised, the Comptroller of Water Rights issued Final Water License 9598 (in substitution of Conditional Water License 7803) to the Superintendent General of Indian Affairs, on behalf of the Anaham Band. The license has a precedence date of November 27, 1890 and authorizes the diversion of 126.3 acre feet per year (from April 1 to September 30) from Zenzaco Creek, for irrigation purpose on 42.1 acres of Anaham Flat Reserve No. 1. Of the total 126.3 acre feet per year allocated, 2,000 gallons per day, year-round, is available for domestic application.

Mar 8, 1983

The Deputy Comptroller of Water Rights issued an Order to amend Final Water License 9598, after determining that the original name of the reserve, Anaham Flat Reserve No. 1, was incorrectly stated. The amendment reflected the new name of the Reserve: "Anahim's Flat Reserve No. 1".

Current Status:

There are currently two licenses active on Zenzaco Creek, one of which is held by the Anaham Band. Of the licenses:

- 2 authorize the use of water for irrigation purposes, ranging from 126.30 to 153.0 acre-feet per year.
- 1 authorizes the use of 20,000 gallons of water per day for domestic purposes.

**Note: A single license may authorize multiple uses.*

The Anaham Band holds Final Water License 9598. Final License 9598 is first in priority on Zenzaco Creek.

The Water Survey of Canada has no records of streamflow on Zenzaco Creek. No other current sources of water availability on the Creek were located over the course of this study.

Notes:

1. The issue of Final Water License 9598, which substituted Conditional Water License 7803, resulted in a reduction of licensed water rights for the Anaham Band on Zenzaco Creek.

OTHER INFORMATION:**Groundwater Records:**

A review of well records maintained by the MELP - Groundwater Section found that no wells have been reported on the Anaham Reserves. As the provision of well information is voluntary, this review should not be assumed to be complete.

Alternate Water Sources:

Currently the potential for water supply from a municipality is limited as there are no municipal water systems in the proximity of the Anaham Reserves.

Minutes of Decision.

Anaham Indians.

No 1

A Reserve of eight thousand, nine hundred, and thirty (8930) acres, situated on the left bank of Chilcotin River, about forty five (45) miles from its mouth, and known as Anaham flat.

Commencing at a Fir tree marked Indian Reserve, on the trail to Tatla Lake, and running East three hundred and twenty (320) chains; thence South three hundred, and sixty (360) chains; thence West to the Chilcotin river; thence up the left bank of the said river to a point due West of the starting point, and thence East to the place of commencement.

Three hundred (300) inches of water from Anaham Creek, and also one hundred (100) from a small creek flowing through the Reserve, one and a half ($1\frac{1}{2}$) mile south of the village, is assigned to the Indians for the purpose of irrigation on this land.

No 2

No 2

A Reserve of six hundred, and forty (640) acres, situated about five miles North of the Indian village, and known as Anahams meadow.

Commencing at a Black Pine, marked Indian Reserve, and running North eighty (80) chains; Thence East eighty (80) chains; Thence South eighty (80) chains; and thence West eighty (80) chains to the place of commencement.

CONDITIONAL WATER LICENCE

(IRRIGATION)

Appurtenant to 450 acres of the Anaham Indian Reserve No. 2.

WHEREAS EWEN MacLEOD, Indian Agent, in trust for the Indians, whose
located on the Anaham Indian Reserve, No. 2,

post-office address is Clinton, B.C.
as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use
water in the manner hereinafter set out, and has taken all the preliminary steps required of such
applicant under the "Water Act, 1914," prior to the issue of this licence, and is, under the said Act,
entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the
licensee hereunder the right to take and use water under the following terms and conditions:—

- (1) The source of the water-supply is Anaham Creek, tributary of
Chilcotin River.
- (2) The point of diversion from the stream is located as shown in the exhibit marked "A"
hereto attached, which is incorporated herewith and made a part hereof, the original of
which is attached to the counterfoil of this licence on file in the office of the Comptroller
of Water Rights, Parliament Buildings, Victoria, B.C.
- (3) The date from which this licence shall take precedence is 5th July 1924.
Preceded by 9623
Final Licence
- (4) The purpose for which the water is to be used is irrigation ~~and incidentally domestic use~~
- (5) The maximum quantity of water which may be diverted for use upon the lands mentioned
in clause (7) hereof when all of the said lands are under irrigation is, until lawfully
altered, 1125 acre-feet per annum, and such additional quantity as the District
Engineer may from time to time determine should be allowed for seepage and evaporation;
and the maximum quantity which may be used on any acre of the said lands in any year is
2.5 acre-feet: Provided that of the said — — — — — acre-feet there may be
used — — — — — gallons of water a day throughout the whole year for
domestic purpose.
- (6) The period of the year during which the water may be used is 1st March to
1st July
- (7) The area and description of the lands upon which the water may be used are 450
acres, comprising part of the Anaham Indian Reserve No. 2.

The extent and location of the said irrigable lands are further shown in the said
exhibit "A."

ORIGINAL

(8.) The said lands shall be properly prepared for irrigation and irrigated beneficially from the said works on or before the first day of November, 1930.

(9.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached made a part hereof shall be constructed in a workman-like manner and to the satisfaction of the Comptroller of Water Rights.

The said construction has already been commenced.

~~day of~~ 1930

The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller and shall be completed on or before the first day of November, 1930.

(10.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(11.) This licence is supplementary to ----- Licence No. ----- for the diversion of ----- acre-feet per annum from ----- and Licence No. ----- for the diversion of ----- acre-feet per annum from ----- but no more than ----- acre-feet of water (exclusive of the quantity allowed for seepage and evaporation) may be diverted from all sources for use upon the lands described in clause 7 hereof.

(12.) This licence is subject to readjustment when hydrometric surveys have been made of the sources of supply mentioned in clauses (1) and (11) hereof and complete information obtained respecting the requirements of all lands watered therefrom and the licensee shall surrender the licence for amendment when called upon to do so.

(13.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of said Act, including especially the provisions of section 117 thereof requiring the filing of proof of the completion of the said works and of making beneficial use of the water as authorized within the time herein prescribed.

(14.) The water authorized under this licence may be held and accumulated behind a dam the location of which is shown in the said Exhibit "A". Ample notice must be given to all persons holding diversion rights below the dam before water is released.

Issued this 10th day of October, 1924.

ORDER
WATER ACT

Section 15

File No. 0241148

In the matter of Conditional Water Licence 7802, which authorizes the diversion of water from Anaham Creek for irrigation and domestic purpose within Anaham Flat Indian Reserve (No. 1 Anaham), of which 448 acres may be irrigated.

Having determined that the name of the source of the water-supply and the name of the Indian Reserve are incorrectly stated and being satisfied that no persons' rights will be injuriously affected, I hereby amend clauses (a) and (g) of said licence to read as follows:

- (a) The source of the water-supply is Anaham Creek.
- (g) The land upon which the water is to be used and to which this licence is appurtenant is Indian Reserve No. 1 Anaham's Flat, Cariboo and Lillooet Districts, of which 448 acres may be irrigated.

Dated at Victoria, B.C., this 8th day of March, 1983.

DETERMINATION AND ORDER.

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters

of Anaham Creek, a tributary of Chilcotin River,

in the neighbourhood of Alexis Creek in the

Lillooet CARIBOO Water District.

NOW, on the 17th day of September, 1923 the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and

designated as Indian File No. 15-20-1) that a valid water record affecting the said claim was made under the authority of an Act passed prior to the 12th day of March, 1909, and that, under the said water record, the Anaham tribe or band of Indians was granted a right to take and use water from Anaham Creek for irrigation and domestic purposes on the Anaham Flat Indian Reserve, being Reserve No. 1 of the said tribe or band.

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(a.) The source of the water supply... is Anaham Creek, a tributary of

Chilcootin River.

(b.) The points of diversion from the said sources are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(c.) The date ~~for~~ ^{from} which the said licence shall take precedence is.....

27th November, 1890.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (g) of this clause, until lawfully altered,

is 1344 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully

altered is 3 acre-feet: Provided that where

sources of supply other than those named in subclause (a) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (g) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(f.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(g.) The water may be used on the Anaham Flat Indian Reserve (No. 1.

Anaham) of which 448

acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(h.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(i.) The execution of the said works shall be commenced or resumed on or before the first day

of June, 1925, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(j.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day

of November, 1930.

(k.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No. 6227

Copy for Comptroller

7802

(1.) The nature and the extent of the incidental uses permitted under the licence are: For domestic purposes, the use of.....30,000.....gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding.....acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of and it may be stored (accumulated) in a reservoir at

..... between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (d), (e), and (f) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (c) hereof.

(m.) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(n.) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

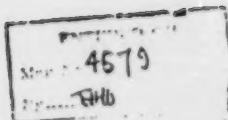

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

DETERMINATION AND ORDER

(FOR A CONDITIONAL WATER LICENCE FOR IRRIGATION PURPOSES.)

BY THE BOARD OF INVESTIGATION
UNDER THE "WATER ACT, 1914."

In the Matter of the Claims of the Department of Indian Affairs to Rights to the Use of the Waters
of Zensaco Creek, a tributary of Chilcootin River,
in the neighbourhood of Alexis Creek, in the
Lillooet CARIBOU Water District.

NOW, on the 17th day of September, 1923, the above-entitled matter coming on regularly for final hearing before the Board of Investigation; due notice having been given of the time and place of hearing; all and every the steps required under the Act to be taken by the Board before a determination of the said rights and claims should be made having been taken; all evidence, testimony, and proofs filed with the Board or presented in the above-entitled matter having been duly considered; a quorum of the Board being present at the hearing; and the Board being now fully advised in the premises, determines with respect to the said claims (which are on file and designated as Indian File No. 16-20-1) that a valid water record affecting the said claim was made under the authority of an Act passed prior to the 12th day of March, 1909, and that, under the said water record, the Anaham tribe or band of Indians was granted a right to take and use water from Zensaco Creek, a tributary of the Chilcootin River, for irrigation and domestic purposes on the Anaham Flat Indian Reserve, being Reserve No. 1 of the said tribe or band.

2. The claims of the Department of Indian affairs with respect to the said waters are allowed by the Board to the extent hereinafter specified, and the Comptroller of Water Rights is hereby directed to issue a conditional licence in respect thereof embodying the following terms and conditions:—

(a.) The source of the water supply is Zensaco Creek, a tributary of
Chilcotin River.

(b.) The points of diversion from the said source are located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which exhibit is on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.

(c.) The date ~~for~~ which the said licence shall take precedence is 27th November, 1890.

(d.) The purpose for which the water is to be used is irrigation.

(e.) The maximum quantity of water per annum which may be used when irrigation is extended to all the lands mentioned in subclause (g) of this clause, until lawfully altered,

is 672 acre-feet, and the maximum quantity of water which may be used per annum on each acre actually irrigated until lawfully altered is 3 acre-feet: Provided that where

sources of supply other than those named in subclause (a) hereof are drawn upon for the irrigation of a part or all of the same lands as are described in subclause (g) hereof, the maximum quantity of water which may be used under the licence hereby directed to be issued shall be reduced by the quantity which the licensee may be entitled to use from said other sources of supply: Provided further that when the Engineer of the Water District has accumulated the requisite hydrographic data for determining to the satisfaction of the Comptroller the *pro rata* part of the said total quantity to be apportioned to the licence hereby directed to be issued, the Comptroller shall require the surrender of the licence, and shall amend the same by stating the particular quantity to which the licensee is entitled from the particular sources named therein.

(f.) The period of the year during which the water may be used is between the first day of April and the thirtieth day of September.

(g.) The water may be used on the Anaham Flat Indian Reserve (No. 1,
Anaham) of which 224

acres are said to be irrigable. The extent and location of the said irrigable lands are more particularly shown in the said Exhibit "A."

(h.) The works which are required to be constructed before the issue of a final licence are the clearing, stumping, and levelling of the irrigable lands on the said reserve and the additional works required for conducting thereto the maximum quantity of water hereby authorized to be diverted.

(i.) The execution of the said works shall be commenced or resumed on or before the first day of June, 1925, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.

(j.) The said works shall be completed and the quantity of water to which the licensee is entitled beneficially used for the purpose set out in the licence on or before the first day of November, 1930.

(k.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

Board Order No. 6228. 7803

Copy for Comptroller.

(7.) The nature and the extent of the incidental uses permitted under the license are: For domestic purposes, the use of 10,000 gallons a day of water from any or all the said sources of supply during the whole of the year; and for storage purpose, such quantity of water (not exceeding _____ acre-feet) as, together with the natural flow-water used hereunder, will be necessary to secure to the licensee the quantity granted hereunder. The water which may be so stored shall be that of _____ and it may be stored (accumulated) in a reservoir at _____.

between the first day of October in each year and the first day of June in the succeeding year, and may be used as provided for in subclauses (d), (e), and (f) of this clause, but such uses shall not enlarge the quantity of water allowed by subclause (e) hereof.

(m.) The Board may extend the time for the commencement, resumption, or completion of the execution of the works on being satisfied that it is in the public interest and that it will not injuriously affect the rights of any licensee.

(n.) The licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V. of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 117 of the said Act.

3. Pending the issue of the licence hereby authorized to be issued, the terms and conditions of this order shall govern the respective rights of the record-holders or claimants affected thereby.

ORDER
WATER ACT
Section 15

File No. 0055470

In the matter of Conditional Water Licence 7813, which authorizes the storage of water from Anaham Creek, and the reservoir is Beaver Lake, for use as set out in Conditional Water Licence 7802.

Having determined that the source of the water-supply is incorrectly stated and that the name of the Indian Reserve on the plan attached to the licence is incorrectly shown, and being satisfied that no persons rights will be injuriously affected, I hereby issue an amended plan an amend clause (a) of said licence to read as follows:

- (a) The source of the water-supply is Anahim Creek and the reservoir is Beaver Lake.

Dated at Victoria, B.C., this 8th day of March, 1983.

WATER RIGHTS BRANCH.

DEPARTMENT OF
LANDS.

CONDITIONAL WATER LICENCE.

FOR STORAGE PURPOSE.

Appurtenant to 440 acres of the Anaham Indian
Reserve No. 1.

WHEREAS EWEN MCLEOD, Indian Agent, in trust for the Indians, whose
located on the Anaham Indian Reserve No. 1,
post-office address is Clinton, B.C.
as owner or lawful occupant of the land, mine, or undertaking hereinafter mentioned, has applied for a
licence to store water; and

Whereas a licence or record has been previously issued or made in respect of the said land, mine,
or undertaking, being Licence No. 7802 (hereinafter called the "diversion licence or record"),
authorizing the beneficial use of 1344 acre-feet of water per annum
(Quantity.)

for Irrigation purpose, which quantity of water the
water to be stored under the licence hereby issued is intended to supply in whole or in part; and

Whereas the said applicant has taken all the preliminary steps required of him under the "Water
Act, 1914," prior to the issue of this licence, and is, under the said Act, entitled thereto:

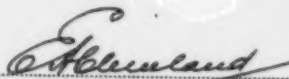

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting a right to
store water under the following terms and conditions:—

- (a.) The source of the supply is Anaham Creek
and the reservoir is Beaver Lake.
- (b.) The point or points of diversion from the stream or streams, and the points where the
stored water is to be placed in and taken from any natural watercourse or any dry gulch
or draw is shown in the exhibit marked "A," hereto attached, which is incorporated here-
with and made a part hereof, the original of which exhibit is on file in the office of the
Comptroller of Water Rights, Parliament Buildings, Victoria.
- (c.) The date from which this licence and the right to store water thereunder shall take
precedence is 14th July 1924.
- (d.) The purpose for which the stored water is to be used is that set out in the diversion
licence or record.
- (e.) The maximum quantity of water which may be stored under this licence, estimated for the
time being at 400 acre-feet per annum, is such
quantity as, together with the quantity of natural-flow water used under the diversion
licence or record will be necessary to secure to the licensee the quantity to which he is
entitled under the said diversion licence or record.
- (f.) The period of the year during which the water may be stored (accumulated) is from
the first day of October to the 15th
day of June, but it may be retained in the reservoir until
required for use under the diversion licence or record subject to the approval of the
Engineer of the Water District.

- (g.) The land, mine, or undertaking on which or in respect of which the water may be used is as set out in the diversion licence or record.
- (h.) The works which are required to be constructed consist of all the works set out in exhibit "B" hereto attached, which is incorporated herewith and made a part hereof.
- (i.) The construction of the said works ~~shall be commenced on or before the~~ has already been commenced.
~~day of~~ 10th, and shall be prosecuted with due diligence and in a workmanlike manner and to the satisfaction of the Comptroller of Water Rights.
- (j.) The said construction shall be completed and the water beneficially used for the purpose set out in this licence on or before the first day of November, 1930.
- (k.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.
- (l.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part V of the "Water Act, 1914," and shall be subject to all the provisions of the said Act, including the filing of proof of the completion of the said works and the putting of the water to such beneficial use within the time limited by the provisions of section 14 of the said Act.

CONDITIONAL WATER LICENCE. (IRRIGATION.)

Appurtenant to 200 acres of Anahim Indian Reserve No. 1.

WHEREAS SUPERINTENDENT GENERAL OF INDIAN AFFAIRS, whose
post-office address is Ottawa

as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use
water in the manner hereinafter set out, and has taken all the preliminary steps required of such
applicant under the "Water Act" prior to the issue of this licence, and is, under the said Act,
entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the
licensee hereunder the right to take and use water under the following terms and conditions:—

- (1) The source of the water supply is Anahim Creek, situated as shown
on the Exhibit marked "A" hereto attached.
- (2) The points of diversion from the stream ^{are} located as shown in the exhibit marked "A"
hereto attached, which is incorporated herewith and made a part hereof, the original of
which is attached to the counterfoil of this licence on file in the office of the Comptroller
of Water Rights, Parliament Buildings, Victoria, B.C.
- (3) The date from which this licence shall take precedence is 5th February, 1926.
- (4) The purpose for which the water is to be used is irrigation and incidentally domestic use.
- (5) The maximum quantity of water which may be diverted for use upon the lands mentioned
in clause (7) hereof when all of the said lands are under irrigation is, until lawfully
altered 500 acre-feet per annum, and such additional quantity as the District
Engineer may from time to time determine should be allowed for seepage and evaporation;
and the maximum quantity which may be used on any acre of the said lands in any year is
3 acre-feet: Provided that of the said acre-feet there may be
used gallons of water a day throughout the whole year for
domestic purpose.
- (6) The period of the year during which the water may be used is 1st April to
30th September.
- (7) The area and description of the lands upon which the water may be used are 200
acres, comprising Part of Anahim Indian Reserve No. 1

The extent and location of the said irrigable lands are further shown in the said
exhibit "A."

(8.) The said lands shall be properly prepared for irrigation and irrigated beneficially from the said works on or before the 1st day of November, ~~192~~ 1930.

(9.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached made a part hereof shall be constructed in a workman-like manner and to the satisfaction of the Comptroller of Water Rights.

The said construction has already been commenced.

~~any of~~ 192

The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller and shall be completed on or before the 1st day of November, ~~192~~ 1930.

(10.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(11.) This licence is supplementary to ----- Licence No. ----- for the diversion of ----- acre-feet per annum from ----- and Licence No. ----- for the diversion of ----- acre-feet per annum from ----- but no more than ----- acre-feet of water (exclusive of the quantity allowed for seepage and evaporation) may be diverted from all sources for use upon the lands described in clause 7 hereof.

(12.) This licence is subject to readjustment when hydrometric surveys have been made of the sources of supply mentioned in clauses (1) and (11) hereof and complete information obtained respecting the requirements of all lands watered therefrom and the licensee shall surrender the licence for amendment when called upon to do so.

(13.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part II. of the "Water Act," and shall be subject to all the provisions of said Act, including especially the provisions of section 74 thereof requiring the filing of proof of the completion of the said works and of making beneficial use of the water as authorized within the time herein prescribed.

CONDITIONAL WATER LICENCE (IRRIGATION.)

Appurtenant to 452 acres of Anahim Indian Reserve No. 1

WHEREAS SUPERINTENDENT GENERAL OF INDIAN AFFAIRS, whose
post-office address is OTTAWA, CANADA

as owner or lawful occupant of the land hereinafter specified, has applied for a licence to take and use water in the manner hereinafter set out, and has taken all the preliminary steps required of such applicant under the "Water Act" prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting the licensee hereunder the right to take and use water under the following terms and conditions:—

- (1) The source of the water-supply is Anahim Creek, the location of which is shown in the Exhibit marked "A" hereto attached.
- (2) The points of diversion from the stream ^{are} located as shown in the exhibit marked "A" hereto attached, which is incorporated herewith and made a part hereof, the original of which is attached to the counterfoil of this licence on file in the office of the Comptroller of Water Rights, Parliament Buildings, Victoria, B.C.
- (3) The date from which this licence shall take precedence is 26th April, 1927
- (4) The purpose for which the water is to be used is irrigation and incidentally domestic use.
- (5) The maximum quantity of water which may be diverted for use upon the lands mentioned in clause (7) hereof when all of the said lands are under irrigation is, until lawfully altered, 1356 acre-feet per annum, and such additional quantity as the District Engineer may from time to time determine should be allowed for seepage and evaporation; and the maximum quantity which may be used on any acre of the said lands in any year is 3 acre-feet: Provided that of the said 1356 acre-feet there may be used 20,000 gallons of water a day throughout the whole year for domestic purpose.
- (6) The period of the year during which the water may be used is 1st April to 30th September
- (7) The area and description of the lands upon which the water may be used are 452 acres, comprising part of the Anahim Indian Reserve Number 1

The extent and location of the said irrigable lands are further shown in the said exhibit "A."

License Number 8997

AMENDED 8-3-83

ORIGINAL

(8.) The said lands shall be properly prepared for irrigation and irrigated beneficially from the said works on or before the 1st day of November, 1930.

(9.) Works for the diversion and the carriage of the water as set forth in the exhibit marked "B" which is hereto attached made a part hereof shall be constructed in a workman-like manner and to the satisfaction of the Comptroller of Water Rights.

has already been commenced.

The said construction ~~shall be commenced on or before the~~

~~day of~~ 1930

The said construction shall be prosecuted with due diligence and to the satisfaction of the Comptroller and shall be completed on or before the 1st day of November, 1930.

(10.) Before any change is made in the said works which would be a material deviation from the plans as approved or the works as accepted by the Comptroller, plans of such proposed change must be filed with the Comptroller and approved by him.

(11.) This licence is supplementary to ----- Licence No. ----- for the diversion of ----- acre-feet per annum from ----- and Licence No. ----- for the diversion of ----- acre-feet per annum from ----- but no more than ----- acre-feet of water (exclusive of the quantity allowed for seepage and evaporation) may be diverted from all sources for use upon the lands described in clause 7 hereof.

(12.) This licence is subject to readjustment when hydrometric surveys have been made of the sources of supply mentioned in clauses (1) and (11) hereof and complete information obtained respecting the requirements of all lands watered therefrom and the licensee shall surrender the licence for amendment when called upon to do so.

(13.) This licence shall not in any way be deemed to be a final licence for the use of water, but shall have the effect only of a conditional licence issued under Part II. of the "Water Act," and shall be subject to all the provisions of said Act, including especially the provisions of section 76 thereof requiring the filing of proof of the completion of the said works and of making beneficial use of the water as authorized within the time herein prescribed.

(14.) -----

CONDITIONAL WATER LICENCE.

FOR STORAGE PURPOSE.

Appurtenant to 900 acres of Anahim Indian Reserve

Number 1.

WHEREAS SUPERINTENDENT GENERAL OF INDIAN AFFAIRS, whose
post-office address is OTTAWA, CANADA

as owner or lawful occupant of the land, mine, or undertaking hereinafter mentioned, has applied for a
licence to store water; and

Whereas a licence has been previously issued or made in respect of the said land, mine, or undertak-
ing, being Conditional Licence No. 7802 & 8997 (hereinafter called the "diversion
licence"), authorizing the beneficial use of 1344 and 1356 acre-feet of water per annum
(Quantity.)

for Irrigation purpose, which quantity of water the
water to be stored under the licence hereby issued is intended to supply in whole or in part; and

Whereas the said applicant has taken all the preliminary steps required of him under the "Water
Act," prior to the issue of this licence, and is, under the said Act, entitled thereto:

Now, therefore, in pursuance of the said Act, this conditional licence is issued, granting a right to
store water under the following terms and conditions:—

- (a.) The source of the supply is Anahim Creek
and the reservoir Beaver Lake
- (b.) The point or points of diversion from the stream or streams, and the points where the
stored water is to be placed in and taken from any natural watercourse or any dry gulch
or draw is shown in the exhibit marked "A," hereto attached, which is incorporated here-
with and made a part hereof, the original of which exhibit is on file in the office of the
Comptroller of Water Rights, Parliament Buildings, Victoria.
- (c.) The date from which this licence and the right to store water thereunder shall take
precedence is 26th April, 1927
- (d.) The purpose for which the stored water is to be used is that set out in the diversion
licence.
- (e.) The maximum quantity of water which may be stored under this licence, estimated for the
time being at 2300 acre-feet per annum, is such
quantity as, together with the quantity of natural-flow water used under the diversion
licence will be necessary to secure to the licensee the quantity to which he is entitled
under the said diversion licence.
- (f.) The period of the year during which the water may be stored is from the 1st day
of October to the 15th day of June
but it may be retained in the reservoir until required for use under the diversion licence
subject to the approval of the Engineer of the Water District.

Anaham Band c/o Anaham Agricultural Society, Alexis Creek, B.C. VOL 1140

is hereby authorized to divert and use water as follows.

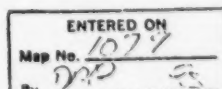

- (a) The source of the water-supply is Chilcotin River.
- (b) The point of diversion is located as shown on the attached plan.
- (c) The date from which this licence shall have precedence is 26th May, 1980.
- (d) The purpose for which the water is to be used is irrigation.
- (e) The maximum quantity of water which may be diverted is 1,650 acre feet per annum, and such additional quantity as the Engineer may from time to time determine should be allowed for losses.
- (f) The period of the year during which the water may be used is 1st April to 30th September.
- (g) The land upon which the water is to be used and to which this licence is appurtenant is Indian Reserve No. 1, Anahim's Flat, Lillooet and Cariboo Districts of which 660 acres may be irrigated.
- (h) The works authorized to be constructed are diversion structure, ditches, headgate control, pump, pipe and sprinkler system, which shall be located approximately as shown on the attached plan.
- (i) The construction of the said works shall be commenced on or before the 30th day of November, 1982, and shall be completed and the water beneficially used on or before the 31st day of December, 1985.

CONDITIONAL WATER LICENCE

The Anaham Indian Band (the licensee) of General Delivery, Alexis Creek, B.C. VOL 1A0, in cooperation with Ducks Unlimited (Canada) of 1290 South Mackenzie Avenue, Williams Lake, B.C., V2G 3Y1.

is hereby authorized to divert, store and use water as follows:

- (a) The streams on which the rights are granted are Tautri Creek and Rosita Lake and the reservoirs are in Tautri Creek and Rosita Lake.
- (b) The points of diversion and storage are located as shown on the attached plan.
- (c) The date from which this licence shall have precedence is 15th May, 1987.
- (d) The purposes for which this licence is issued are conservation (waterfowl habitat), storage and irrigation (backflood).
- (e) The maximum quantity of water which may be diverted into storage is 1,767 acre feet per annum of which 1,471 acre feet per annum may be used for conservation purpose and 296 acre feet per annum may be used for irrigation purpose.
- (f) The period of the year during which the water may be diverted into storage is 1st October to 15th June. The water may be used for conservation purpose during the whole year and for irrigation purpose during 1st April to 30th September.
- (g) This licence is appurtenant to the conservation project of the licensee within District Lots 10265, 10266, 10268 and 10269, and unsurveyed Crown Land, Cariboo District; and District Lots 10265 and 10266, Cariboo District of which 148 acres may be irrigated.
- (h) The works authorized to be constructed are dams and ditches.
- (i) The construction or reconstruction of the works authorized in clause (h) hereof shall not be commenced until plans prepared by a professional engineer registered in British Columbia have been submitted to, and leave to commence construction granted in writing by, an Engineer under the Water Act. Construction of the works shall be completed and the water and works beneficially used prior to the 31st day of December, 1991. Thereafter, the licensee shall continue to make regular beneficial use of water and works in the manner authorized herein.

A. D. Zackodnik, P. Eng.
Regional Water Manager

THE PROVINCE OF BRITISH COLUMBIA—WATER ACT
CONDITIONAL WATER LICENCE

Minister of Indian and Northern Affairs, Canada and Anaham Indian Band care of Anaham Indian Band, General Delivery, Alexis Creek, BC, V0L 1A0 are hereby authorized to divert and use water as follows:

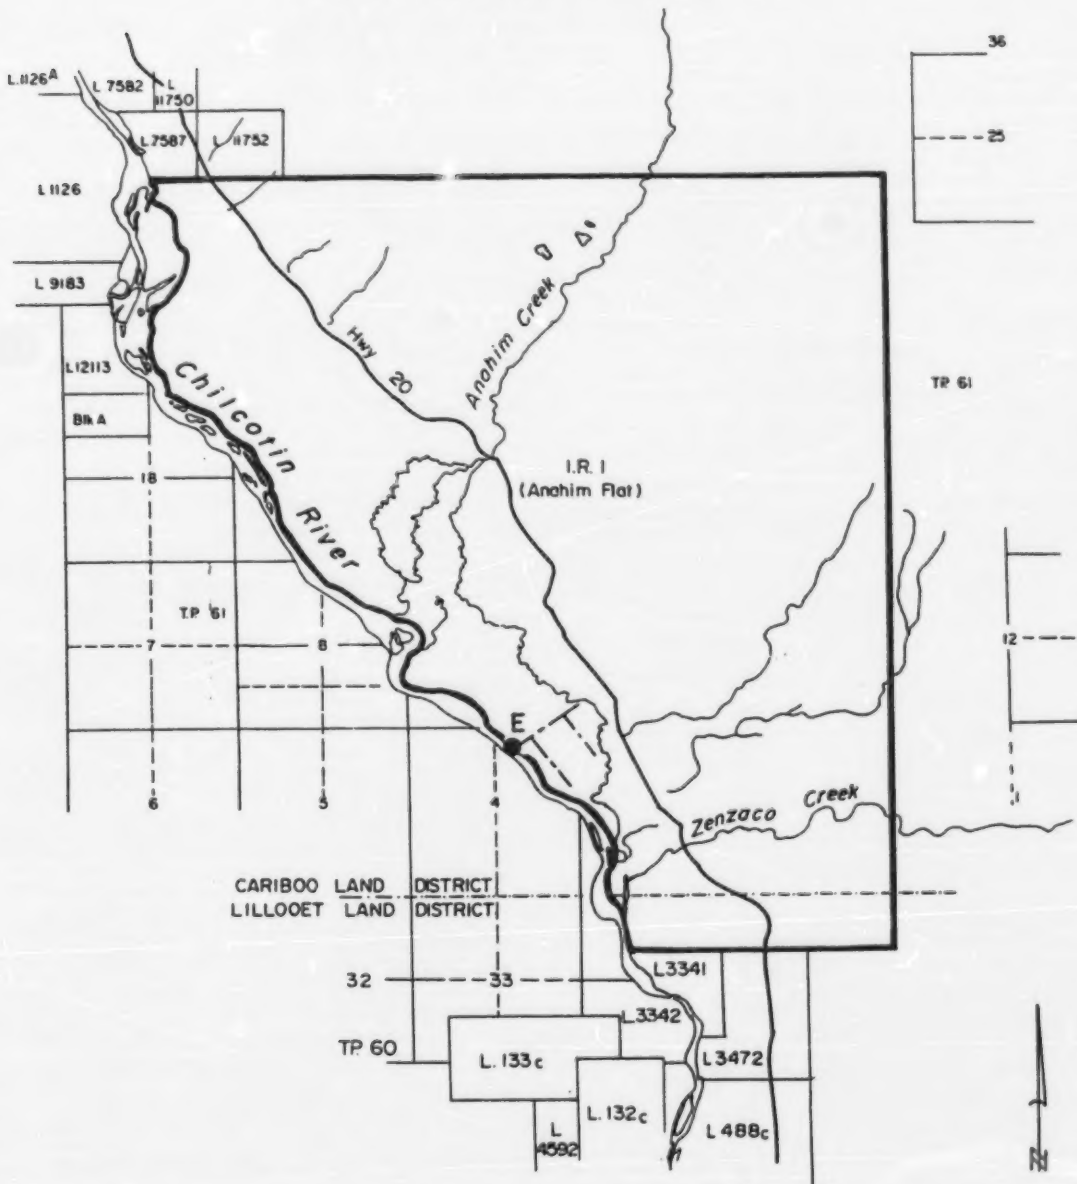

- (a) The stream on which the rights are granted is Chilcotin River.
- (b) The point of diversion is located as shown on the attached plan.
- (c) The date from which this licence shall have precedence is 1 March, 1989.
- (d) The purposes for which this licence is issued are irrigation and domestic.
- (e) The maximum quantity of water which may be diverted and used for irrigation purpose is 180 acre feet and for domestic purpose is 500 gallons per day.
- (f) The period of the year which water may be used is 1st April to 30th September for irrigation purpose and throughout the whole year for domestic purpose.
- (g) The land upon which the water is to be used and to which this licence is appurtenant is I.R. No. 1 (Anaham Flat), of which 60 acres may be irrigated.
- (h) The works authorized to be constructed are diversion structure, screened intake, pump, pipe and sprinkler system, which shall be located approximately as shown on the attached plan. The intake shall be adequately screened to prevent debris and fish from entering the works.
- (i) The construction of said works shall be completed and the water beneficially used prior to the 31st day of December, 1994. Thereafter, the licensee shall continue to make regular beneficial use of water in the manner authorized herein.

PERMIT UNDER THE WATER ACT AUTHORIZING THE OCCUPATION OF CROWN LAND

Indian Agency, Anahim Indian Band, Williams Lake, B. C.

the holder(s) of Conditional/~~Fixed~~ Water Licence(s) 20666
the diversion of water from Anahim Creek

authorizing
is/are hereby

authorized to occupy Crown land by constructing, maintaining, and operating thereon the works authorized under the said water licence and any licences which may be issued in substitution thereof.

- (a) The Crown land which is authorized to be occupied under this permit is a portion of
unsurveyed land, Cariboo District,

the location of which is shown approximately on the plan attached to the said water licence.

- (b) The approximate dimensions of the Crown land authorized to be occupied under this permit are
5200 feet in length and 15 feet in width having an area of 1.79 acres.

- (c) Subject to the payment of royalty, stumpage, and other compensation, and the obtaining of a licence to cut timber as provided under Condition 5, the permittee may cut and remove from the said land any timber, the removal of which is necessary to permit construction and maintenance of the said works.

- (d) The annual rental for this permit is \$ 4.00 , which is subject to review and revision at any time at the discretion of the Crown.
- (e) This permit is appurtenant to the land, mine, or undertaking to which the aforesaid water licence is appurtenant.
- (f) The conditions relative to the rights granted under this permit are printed on the back of this form.
This Permit replaces Permit #3639..

Deputy Minister of Environment

File No. 0189482

Ref. Map 93 B/SW

W. R. Map 93.B.014

Date issued: 8 March, 1983

Permit No. 13550

CONDITIONS RELATIVE TO THE RIGHTS GRANTED
UNDER THIS PERMIT

1. This permit is issued under the *Water Act*, and the rights hereby granted are subject at all times to the provisions of that Act and all Acts passed in amendment or substitution thereof and to all regulations from time to time made under any such Act.
2. There is reserved to the Crown the right to grant to other persons permits to occupy the land affected by this permit without compensation to the permittee or his successors in title.
3. In the event of any dispute arising at any time between the permittee and any owner of land adjacent to the land affected by this permit with respect to the area or boundaries of the land so affected, the licensee shall at his own expense, when so directed by the Deputy Minister of Environment, have the said land surveyed by a duly qualified surveyor, and shall likewise file with the Ministry of Environment at Victoria, British Columbia, a plan showing the result of the survey.
4. This permit and the rights granted hereunder are subject always to compliance by the permittee with the terms of his water licence, and if the rights granted under the said licence should at any time be suspended or terminated, the rights granted under this permit are thereupon likewise suspended or terminated.
5. The amount of stumpage, royalty, and (or) compensation payable to the Crown by the permittee in respect of trees, including merchantable or young growth, cut, removed, damaged, or destroyed by the permittee, shall be the sum or sums fixed by the Forest Service of the Province of British Columbia. Prior to the cutting, destruction, or felling of any timber, the permittee must apply for and obtain a licence to cut timber from the District Forester.

PERMIT UNDER THE WATER ACT AUTHORIZING THE OCCUPATION OF CROWN LAND

The holder of Conditional Water Licence 66751, whose licence authorizes the diversion and storage of water from Tautri Creek and Rosita Lake with the reservoirs being in the creek and lake is hereby authorized to occupy Crown Land by flooding, constructing, maintaining and operating thereon the works authorized under the said licences.

- (a) The Crown Land which is authorized to be occupied under this permit is a portion of unsurveyed Crown Land, Cariboo District, the location of which is shown approximately on the plan attached to the said water licence.
- (b) The approximate dimensions of the Crown Land authorized to be occupied under this permit are: 1 acre for damsite; 1.65 acres (with dimensions of 2,400' x 30') for ditch; and 430 acre feet for flooding; for a total of 432.65 acres.
- (c) The permittee may cut and remove from the said Crown Land any timber necessary to permit construction and maintenance of the said works and clearing of the said lands which may be flooded. Prior to the cutting, destruction of any timber, the permittee shall apply for and obtain a licence to cut timber from the District Manager and the amount of stumpage, royalty and (or) compensation payable to the Crown in respect of trees, including merchantable or young growth, cut, removed, damaged, or destroyed by the permittee, shall be the sum fixed by the Forest Service of the Province of British Columbia.
- (d) This permit is appurtenant to the land, mine or undertaking to which the aforesaid water licence is appurtenant.
- (e) This permit shall become void if the water licence with respect to which the permit is issued should terminate, be abandoned or cancelled or amended so as to render this permit unnecessary.
- (f) This permit is issued and accepted on the understanding that the permittee shall indemnify and save harmless the Government of the Province of British Columbia for all loss damage to works, cost or expense suffered by the permittee by reason of the Crown Land or any portion thereof being submerged or damaged by erosion or otherwise affected by flooding.
- (g) The holder of this permit shall not be entitled to compensation if the Crown grants permits to other persons to occupy the land affected by this permit.
- (h) In the event of a dispute at any time with respect to the area or boundaries of the land affected by this permit, the holder shall, at his own expense, have the said land surveyed by a duly qualified surveyor.
- (i) The annual rental for this permit is \$302.00 which is subject to review and revision at any time at the discretion of the Crown.

Richard L. Dalon
Associate Deputy Minister
